

On behalf of DownBeat magazine, we would like to congratulate you on being named one of the world's top jazz venues of 2023. This list provides a comprehensive look at where great improvised music is being played globally — from exciting new venues to legendary clubs large and small!

Please enjoy this complimentary shipment of 10 copies of the February issue of DownBeat with your club listed in our Jazz Venue Guide. Enclosed is a window decal noting that you have been named one of our top clubs of the year.

If you would like a digital version of this decal for your club's website, please contact our Circulation Manager, Sue Mahal, at suem@downbeat.com.

Again, *BRAVO!* We know you've survived some tough times, and look forward to brighter skies and a year of great live music!

Best regards,
